

QUARRYSTONE

Split Level Colonial Home

One of the most versatile split level designs you'll see. There's a gracious foyer, entered from a covered porch. A big living room with a bay window opens to the formal dining room. The kitchen, with its sunny breakfast area is strategically placed overlooking the step-down family room, with its fireplace and wet bar. On the family room level is a powder room and laundry center. The master suite features a walk-in closet, dressing area with its own vanity sink and a full private bath. There are 3 more bedrooms, a big linen closet and a 2nd full bath. This home includes a full basement, double garage, heat pump/air conditioning system, wall to wall carpeting, storm windows and insulation package (R30 ceilings, R13 walls).
